

HALLS CREEK July and Aug 2011

A third choir visit to Halls Creek is being planned and funds raised for a July 2011 visit at the time of the **Halls Creek Rodeo**. The **Halls Creek Rodeo song** will be professionally recorded and launched. Considerable planning is going into ensuring that public funds lead to real outcomes for the community.

This year's project continues to be about local capacity building aiming to encourage the music and leadership skills of the local community as we sing, perform and record music. This time, children will be guided to put together their own 'Show', experiencing everything from costuming to stage management, skits to MC'ing - all in preparation for the next **Nguyuru Waaringarrem Music Festival August 2011**.

With sufficient funds **local trainees will be mentored in arts management, drama, music and film-making roles** to develop interest, and employment opportunities. Halls Creek people are excited about their new music festival, as it creates real career opportunities and hope for a brighter future.

Madjitil Moorna members hope to volunteer their time, energy and skills to assist with the festival. We are proud that this year a member of Madjitil Moorna has been chosen to be the Halls Creek Festival manager. Madjitil Moorna likes to think they have helped build a stronger community through music, in Halls Creek.

Madjitil Moorna singers hope that others will hear this story and be inspired to build on a connection and make a difference in another community or within their own district.
